

## Instructions

1. Print a copy of this brochure
2. Download the plant identifier to your phone for reference

<https://tinyurl.com/3t28kjyz>

3. Choose your trail (or do all 3!)
4. Walk slowly and pay attention to the plants you see
5. Mark off the relevant box when you spot and identify one of the plants (they are all verified in the location)
6. Add your own notes to your observations
7. (Optional: add your observations to the iNaturalist app)

A map of Sisimiut showing all three gravel trails. Lengths are shown as one-way distances

Naluunguafik = 1.0km

Paaraarsuk Bay = 0.4km

Ocean Road = 0.6km

All trails are accessible to most people
